HARSHIT SRIVASTAVA

AI Engineer | Python Developer | Machine Learning Enthusiast
+919555120712 harshitsri0405@gmail.com LinkedIn GitHub Raebareli, India

PROFESSIONAL SUMMARY

Detail-oriented **AI Engineering** graduate with hands-on experience building and deploying **machine learning models**, **NLP pipelines**, and **Python**-based applications. Skilled in **Python**, **TensorFlow**, **PyTorch**, and **Scikit-learn**, with practical exposure to end-to-end **ML workflows** — **data preprocessing**, **model training**, **evaluation**, and **deployment** using **FastAPI** and **Streamlit**. Proven ability to write clean, **object-oriented Python** code and debug production-level applications, demonstrated through internships delivering **95%+ accuracy** in real-world **classification** tasks. Passionate about applying **AI/ML** to solve practical problems and eager to contribute to fast-paced engineering teams.

WORK EXPERIENCES

Python developer Intern | Internship — Jul 2026 - Sep 2026
Labmentix Pvt.Ltd. — *remote*
Developed **Python-based solutions** and applications as part of real-world development projects.
- Applied debugging, problem-solving, and code optimization techniques to improve application functionality.
- Completed a **2-month hands-on internship** focused on Python development, data processing, and real-world application development.

Technologies / Skills Used : *Python, SQL, Pandas, NumPy, Matplotlib, Git/GitHub, Jupyter Notebook, VS Code*

Artificial Intelligence Intern | Internship — Jun 2026 - Jul 2026
Codec Technologies — *Remote*
- Learned and applied core **Machine Learning** and **AI** concepts, including data preprocessing, model training, and evaluation during the internship.
- Built **Mailshield AI**, achieving **95% accuracy** in spam email detection.
- Developed a **Weather Prediction model** using regression techniques.

Technologies / Skills Used : *Python, NLP, Scikit-learn, machine learning, pandas, numpy, FastAPI*

PROJECTS

Mail Shield-AI — Jul 2026 - Aug 2026
Developed
- Developed a **machine learning model** to classify emails as spam or legitimate using text classification techniques.
- Preprocessed email data using **NLP techniques** such as tokenization, stopword removal, and TF-IDF vectorization.
- Trained and evaluated classification algorithms (**Naive Bayes**, **SVM**, **Logistic Regression**) to detect spam with high accuracy.

Technologies / Tools Used : *Python, AI Concepts, Data Analysis, streamlit, NLP*

AutoMock AI | — Apr 2026 - Jun 2026
Developed
- Developed an AI-powered interview preparation platform featuring resume analysis, topic-based and resume-based interview generation, AI mock interviews, and personalized feedback.
- Integrated **LLMs** and machine learning to deliver intelligent question generation, answer evaluation, and an interactive **Streamlit interface**.

Technologies / Tools Used : *Python, Streamlit, Gemini API, Machine Learning, NLP, local LLMs*

AI-Based Student Dropout Risk Prediction System | — Mar 2026 - Apr 2026
Developed
- Developed an ML model to predict at-risk students with **85%+ accuracy** using academic and demographic data.
- Trained and evaluated multiple classification models (**Logistic Regression**, **Decision Tree**, **Random Forest**) using **Scikit-learn**, establishing a reproducible framework for institutional data-driven interventions.

Technologies / Tools Used : *Python, Pandas, NumPy, Scikit-learn*

SKILLS

Databases :	MySQL, MongoDB, PostgreSQL
Frameworks & Libraries :	TensorFlow, PyTorch, Scikit-learn, pandas, numpy, FastAPI, Tailwind CSS, React
Programming Languages :	Python, C, Java, SQL
Tools & Platforms :	Git, Streamlit, GitHub, VS Code, Google Colab
core concepts :	Machine Learning (Supervised/Unsupervised Learning), Deep Learning, Neural Networks (CNN, Natural Language Processing (NLP), LLMs

EDUCATIONS

Dr. K. N. Modi Institute of Engineering & Technology | Modinagar, Uttar Pradesh — 2023 - 2027
B.Tech – Computer Science & Engineering — *Current SGPA : 7.67*

AWARDS & ACHIEVEMENTS

- Awarded 3rd Position at Technophilia 2026.
- Participated in the Innovate Bharat Hackathon 2026 under the AI & Intelligent Systems theme.
- Participated in the Technex 2026 Innovation Competition associated with IIT BHU.
- Winner of the SIH 2025 & 2026 Internal Hackathon.

CERTIFICATIONS

- **Agentic AI certified Foundation Associate** by **Oracle University**.
- Completed Digital 101 journey by NASSCOM.
- Finished courses on cybercrime and Artificial Intelligence by Simplilearn.
- Completed Data Analytics Job Simulation by Deloitte.
- Completed GenAI Powered Data Analytics Job Simulation by TATA.
